DoDIIS
Testing & Certification

Process Improvements

ADM Submissions

Current/Future Issues

Open Discussion

November 2002

Process Improvements

- **Electronic Filing**
  - **Overall success**
  - **Drafts should come from originator**
  - **Final reports posted to VTF**

- **Authority to Proceed to Beta II Testing**
  - **Delegated to DoDIIS LCM**
  - **Shortened timeline**
  - **Must have documentation**

DoDIIS SIMO Home Page

- **ADM Format**
- **ADM Support Information**
- **IMA Information**
  - **Descriptions**
  - **PMs**
  - **Release Schedule**
  - **Certification Status**
  - **Links ***

* JWICS only

Process Improvements

- **Electronic Filing**
  - **Overall success**
  - **Drafts should come from originator**
  - **Final reports posted to VTF**

- **Authority to Proceed to Beta II Testing**
  - **Delegated to DoDIIS LCM**
  - **Shortened timeline**
  - **Must have documentation**

Process Improvements

- **Accelerated Testing**
  - **Must be "sponsored"**
  - **Must be used sparingly--potential impacts to resources**
  - **Documentation must follow**
  - **Training certification still needed**

ADM Submissions

- **New ADM Format**
  - **Available on DoDIIS SIMO web sites (SIPRNET and JWICS)**
  - **Need to stress details (e.g., who, where, when, results, fixes)**

- **Test Reports**
  - **PMs and testers are responsible for clarity**
  - **PMs must satisfy all corrective actions**
  - **PMs/Testers must follow up on final reports**

Current/Future Issues

- **Server Installation Testing**

- **Portal Technology Impacts**

- **Web-based Beta II testing**

Accelerated Testing

- **Command sponsored**

- **Accelerate Beta I & Beta II**

- **Four weeks versus 10 weeks**

- **Interim Authority to Operate for sponsor**

- **Executive Summaries to support fielding decision**
